## ISIS Replacement Part Manual TW-2147 REV A

The ISIS Replacement Parts manual is available on the Emhart Glass Intranet in the following location: Cold End/Product Information-Cold End/MiniLab/Statistical Sampling/ISIS. This manual will provide information for identifying part numbers.

The document contains illustrations and parts lists of major assemblies used in the machine. The document file size is rather large and may not be suitable for emailing to your customer. It can be ordered from the Emhart Glass website by selecting Online Services\Publication Library". Select "Manuals" in the "Type" field and "Statistical Sampling" in the "Category" field.
